

Soundcheck Blind Date Questionnaire

1) Describe your music in three words or less. Bonus points for creative answers.

Horn-Core

2) What is the last album you bought?

Strange Land by Yellow Ostrich

3) Do you believe in love at first listen? Why/why not?

Absolutely. While a ton of great music can only be absorbed and properly appreciated after multiple listens, there is occasionally a special album that you know is incredible from the first note. Enter the Wu Tang Clan, A Love Supreme, Emperor Tomato Ketchup, these are all great examples.

4) What is the most interesting thing about you?

Bringing out the narcissist, huh? Hopefully there are several most interesting things about me!

4) Do you want albums/Are you planning to make more albums?

Yes. I feel that the album format is still incredibly important and is the ultimate platform for self-expression as an artist. Commercially, it's becoming more and more obsolete, but it will never completely die.

5) Who was your first musical crush?

I would say Mazzy Star. I had a musical crush on the band and a general crush on Hope Sandoval. I'm sure I'm not the first person to answer this question like this!

6) If you could be any musician for a day, who would it be and why?

John Coltrane. I would love to know what it feels like to have beautiful music in every pore of my body. Maybe if I practiced 10 hours a day like Coltrane I would know...
