Charles,

Just confirming I received this email. Staff will be contacting Warden first thing in the morning. You guys in AZ are life savers. By you a beer next time I get that way.

Scott

Scott:

To confirm our verbal conversation, Director Ryan has authorized the Arizona Department of Corrections (ADC) to provide you with 12 grams of the Thiopental Sodium we have just acquired. You also have our thanks for the Pancuronium Bromide your agency has provided to ADC. Please let us know when your employees would like to arrive at the Arizona State Prison Complex-Florence, located at Florence, Arizona, in order to pick up the drugs, as you indicated this is your preferred method of delivery and transportation.

Warden Carson McWilliams will facilitate the transfer to your staff. His contact information is:

[REDACTED]

I understand from you that your staff will contact him tomorrow morning to arrange a time to meet the Warden and take possession of the drug.

Charles

Mr. Flanagan,

Sorry for delay in getting this information. Just wanted to make sure. Appears that we would need 12 grams minimum. We are going to start working now on procuring via the method you so kindly described. Thanks again for your help. Please let me know what your Director thinks and am sure either the Secretary or even the Governor could make a call if necessary. Look forward to hearing from you.

John,

Got the 12 grams from AZ. I am going to have agents from OCS down south pick it up tomorrow and drive it directly to SQ. What kind of documents do we need for chain of control? Also important that we get at that pharmacy in England. GREAT JOB.

Scott

Written confirmation. I am arranging to have OCS agents pick up the drug and transport directly to SQ. When I tie it down I'll give you an ETA.
